◆ **Adopt-a-Row and nursery docents:** Shadetree Partnership has initiated a program where individuals or organizations adopt a row of trees in the nursery to maintain on a regular basis, reminiscent of the Adopt-a-Highway program. The organization is also looking for docents or team leaders to assign tasks at nursery events that are typically held once a month. The time commitment for both programs is estimated at six hours per month or more. Information: (949) 453-1228.
